- Web Development and Soft Skills Training
YFSC (Aug-Dec 2022)
- Microsoft SC-200 (2025)
- Microsoft SC-900 (2025)
- Advanced First Aid Training
Red Cross Elbasan (2023)

Profile

I am an enthusiastic and diligent IT professional, driven by a passion for continuous learning and self-improvement. With a background in programming, design, networking and cybersecurity, I excel at problem-solving and delivering innovative solutions. In addition to my technical expertise, I am a creative individual who enjoys photography, good music and traveling. I value work-life balance, spending my free time with family, enjoying nature, and building meaningful connections with friends.

Work Experience

CYBERSECURITY SPECIALIST

Aug. 2025 – Mar. 2026

Kronotech

- Conducted vulnerability assessments and penetration testing using tools such as Nmap, OpenVAS, Metasploit, and monitoring platforms like Wazuh
- Designed and deployed Active Directory environments from scratch, aligning with ISO 27001, NIS2, and NIST security frameworks
- Configured and maintained network infrastructure (switches, routers, firewalls) and performed device inventory and asset management
